

**NO PULL THRU**

**NO BACK-IN**

**P A R K I N G**

**NEW PARKING  
REGULATIONS!**

Students, employees, visitors and retirees will no longer be issued physical parking permits.

Your license plate will become your virtual parking permit, therefore backing in or pulling through spaces will no longer be allowed.

The License Plate Recognition system must be able to recognize your vehicle tag number as your virtual permit **from the drive lane**. So it is critical that all vehicles **do not pull through or back into spaces**. This will avoid unnecessary tickets.

Visit [vsuparking.com](http://vsuparking.com) for more information.
